## MASON FISCAL COURT SUED

By the County Board of Education For Money Due Them—A Total of \$3,714.10 Asked By Plaintiffs.

The Mason County School Board filed suit in the Mason Circuit Court Saturday against County Judge W. H. Rice, Esquires Fred Bauer, Fred Dresel, W. H. Moore, Charles Wallingford, W. B. Lane, W. H. Collins, D. E. Bullock and J. W. Holiday, members of the Mason Fiscal Court. The plaintiffs are represented by Hon. J. M. Collins.

The plaintiffs state that the Mason Fiscal Court in 1914 duly and regularly made a levy of twenty cents or each one hundred dollars worth of taxable property in Mason county outside of the limits of the city of Maysville for the benefit and to go to the common school fund for Mason county which taxes were duly collected by the proper officers of Mason county in the year 1911 and on all taxable property therein, including whiskey in bonded warehouses located in Mason county outside of the city of Mays ville and on all taxes delinquent assessments collected by the Sheriff in the year 1911. Likewise levies of twenty cents on each one hundred dollars were made by the fiscal cour for common school purposes in the

years 1912, 1913, 1914 and 1915,

They state that the total sums collected amounted to \$10,571.52. That the sums were collected on levies of seventy cents for each or said years of which levy twenty cents or twosevenths thereof, was for the benefit said two-sevenths of the fund is \$3.-20.44 and that same should have been oaid to the Board of Education in the ever at any time paid to or for the Board of Education and the county as refused and failed to pay same; that the plaintiff, Board of Education. is entitled to recover in this action the sum of \$3,020.44 together, with six per cent interest per annum until paid; that the interest on the install-ments now amounts to \$453.66 making before March 13, 1917. Education, \$3,474.10.

They also state that the Washingon sub-division has had a special levy for school purposes for the last five years of twenty-five cents on each one hundred dollars of taxable property in the sub-division and that said levies have been collected by the Sheriff but that the Sheriff's commissions for collecting the sums were deducted from the annual sums collected which commissions amounting to the sums of \$240, and is justly owing the Board of Education. They state that the Sheriff has made his annual settlements with the Ficsal Court being duly approved by the court but that by error or mistake in the settlements this plaintiff was not allowed or paid the sums to which was entitled under the levies and that the settlements are erroneous.

The Board of Education prays that the court set aside the settlements and correct same and adjudge to the plaintiff the sum of \$3,474.10 and the further sum of \$240 and that the court order the Mason fiscal court to convene as such court and to appropriate sufficient money out of the county funds to cover this and to order the Treasurer of Mason county J. B. Durrett, to pay over to the Board of Education said above mentioned sums and for costs and all general relief.
